PROFESSIONAL SUMMARY

Detail-oriented Web Developer with a Bachelor's degree in Information Technology. Proficient in Full Stack Development and Generative AI concepts including RAG, Vector Databases, Embeddings, LangChain, and Prompt Engineering. Experienced in building responsive web applications using HTML5, CSS3, JavaScript React.js, Node.js, Express.js, and MongoDB. Skilled in developing AI-powered chatbot systems, RESTful APIs, and scalable backend solutions with a strong focus on clean UI/UX, problem-solving, and learning.

TECHNICAL SKILLS : HTML5 , CSS , React.js , MySQL , Node.js , MongoDB , RAG , LangChain

Languages: C++, JavaScript

Version Control: Git,Github

Tools & Libraries: Postman , Vercel , Pinecone , Docker ,Tailwind CSS , GitHub Actions

Soft Skills:Demonstrated strong problem solving and time management skills through independent project work and team collaborations.

PROJECT

Restaurant Booking & Food Ordering Web Application

Live Demo: <https://restaurant-booking-indol.vercel.app/>

- Developed a full-stack restaurant website enabling users to book tables and order food online.
- Built a responsive and user-friendly frontend with reusable components.
- Implemented backend APIs to manage bookings, orders, and user requests.
- Integrated RESTful APIs for seamless frontend-backend communication.
- Deployed the application using Vercel and a Node.js server.
- Tech Stack: React.js, Node.js, Express.js, MongoDB.

AI-Powered RAG Chatbot Application

Live Demo :<https://rag-chatbot-neon-phi.vercel.app/>

- Developed a full-stack AI chatbot using Retrieval-Augmented Generation (RAG) architecture.
- Built a responsive React.js interface for PDF uploads and real-time conversations.
- Processed documents using LangChain for chunking, embeddings, and retrieval workflows.
- Implemented semantic search using Pinecone Vector Database for efficient context retrieval.
- Integrated Google Gemini LLM to generate accurate responses based on retrieved document content
- Implemented GitHub Actions CI workflow to automate build validation and streamline deployment processes.
- Tech Stack: React.js, Node.js, Express.js, LangChain, Google Gemini, Pinecone, RAG , GitHub Actions .

Portfolio Website

Live Demo: <https://portfolio-five-ebon-98.vercel.app/>

- Developed a personal portfolio website to showcase projects, technical skills, and educational background.
- Designed a responsive and user-friendly interface for better accessibility across devices.
- Integrated live project demos and GitHub repositories to demonstrate practical implementation and code quality.
- Enhanced professional online presence and improved visibility of work to recruiters.

EDUCATION

Bachelor of Technology in Information Technology
Asansol Engineering College , Asansol , West Bengal
2022 – 2026 | CGPA : 7.25+

Higher Secondary Education (CBSE)
Crescent Public School — Bokaro, Jharkhand
2020 – 2022
